Professional Summary

Multidisciplinary OutSystems Developer with a strong background in UX/UI design and 2 years of hands-on experience building scalable applications using the OutSystems platform. Proven track record in large government projects in Portugal and Spain. Adept at combining user-centric design principles with low-code development to deliver impactful digital experiences. Currently working at Accenture, and preparing for the OutSystems Associate Reactive Web Developer certification.

Key Skills

- OutSystems Development (Low-Code, Integrations, Performance Optimization)
- UX/UI Design (Wireframing, Prototyping, User Research, Figma, Adobe XD)
- Front-End Technologies (HTML, CSS, JavaScript)
- Agile & Collaborative Workflows

Professional Experience

OutSystems Developer & UX/UI Designer

Accenture Portugal | Jan 2024 – Present | Lisbon, Portugal

- Developed scalable and secure web applications using the OutSystems low-code platform.
- Designed intuitive user interfaces and optimized user experience for internal and external applications.
- Collaborated with cross-functional teams using Agile methodologies.

- Contributed to front-end development with HTML, CSS, and JavaScript.
- Participated in government-focused projects involving social and environmental impact.

OutSystems Developer (Internship)
Programa UPskill - Digital Skills & Jobs | May 2023 – Dec 2023

- Participated in an intensive reskilling program focused on OutSystems development, covering both front-end and back-end technologies.
- Built and tested responsive web applications using the OutSystems platform, following Agile best practices.
- Gained hands-on experience with integrations, REST APIs, and performance optimization in low-code environments.
- Collaborated in team-based challenges and simulations to solve real-world business problems through digital solutions.

Web Designer
ZF Group | Aug 2021 – May 2023 | Lisbon, Portugal

- Created visual assets such as banners, email marketing templates, and web advertisements.
- Supported offline marketing through print designs including brochures, flyers, and posters.
- Edited videos and photos, and operated OrbitVU photo equipment to capture and enhance product imagery.
- Ensured consistency across all digital and visual outputs, aligned with brand guidelines.

Shop Assistant
Kiwoko | Nov 2019 – Aug 2021 | Montijo, Portugal

- Delivered personalized customer service with a focus on educating clients about pet care and product recommendations.
- Managed daily maintenance and health monitoring of aquatic life and other animals in the store.
- Handled warehouse organization, inventory restocking, and customer orders.
- Operated the cash register and ensured accurate transaction processing.

Graphic Design Intern
expondo GmbH | Apr 2018 – Jun 2018 | Berlin, Germany

- Supported the design team in creating web pages, visual assets, and marketing materials.
- Gained hands-on experience in web design, photo and video editing, and visual identity creation.
- Collaborated in an international environment, developing strong communication and teamwork skills.

Graphic Design Intern
Multiweb TI Lda | Apr 2017 – Jul 2017 | Lisbon, Portugal

- Participated in real-world graphic design projects, including branding, web assets, and multimedia content.
- Contributed to the development of websites and visual communication materials.
- Strengthened technical and creative design skills in a professional studio setting.

Education

EDIT. - Disruptive Digital Education – UX/UI Design (2019 – 2020)

- Completed a hands-on UX/UI design program focused on user research, wireframing, prototyping, and interaction design.
- Learned industry-standard tools such as Figma and Adobe XD, and applied design thinking to real-world projects.

Udemy – Web/Multimedia Management and Webmaster (2021)

- Gained practical knowledge in web development and digital content management, including HTML, CSS, SEO, and WordPress.
- Focused on multimedia integration and best practices for modern, responsive websites.

Design Circuit – UX/UI Design (2019)

- Attended workshops and practical sessions in UX/UI design principles, with a focus on usability, accessibility, and visual hierarchy.
- Created interactive prototypes and user flows for digital applications.

Escola Secundária de Santo André – Graphic Design (2015 – 2018)

- Acquired foundational skills in design, including branding, layout, typography, and Adobe Creative Suite.
- Worked on individual and group projects simulating real-world design tasks.

Certifications

- OutSystems Associate Reactive Web Developer (Planned for July 2026)
- OutSystems Associate Developer (ODC) (Planned for May 2026)
